

# Simon Says

## INSTRUCCIONES

Reúne a un grupo de jugadores y elijan a una persona para ser "Simon". Quien interprete el papel de "Simon" se parará frente al resto de jugadores del grupo.

El trabajo de Simon es dar comandos para que los usuarios los sigan. Los comandos se pueden dar de dos maneras diferentes: diciendo: "Simon says ..." o simplemente indicando el comando. Si Simón da una orden al decir primero, "Simon says..." los oyentes deben obedecer la orden de Simon. Si Simon da una orden sin decir primero, "Simon says ...", los oyentes no deben obedecer su orden.

Si un oyente obedece incorrectamente o no obedece las órdenes de Simon, son eliminados del resto de la ronda de juego y deben permanecer fuera hasta que comience otra ronda de juego.
